Toronto, Canada, August 20th, 2022 – Pensio Group of Companies ("Pensio Global") has partnered with independently owned Pensio Group India ("PGI"). Pensio Global licensed its core guarantee programs to PGI. Pensio Global is a credit risk management company with focused analytical services; providing process discovery that interprets and communicates significant patterns of risk and opportunity to a diversity of business sectors, with a core focus on commercial and residential real estate. The Pensio Global Analytics Team interprets market data and trends to structure and model guaranteed outcomes for specific assets or business opportunities.

Pensio Global is focused on developing strategic relationships that leverage, empower and elevate investment security.

"We are excited to have an independently owned PGI under the management of Gagandeep Singh, utilizing and offering Pensio Global's core guarantee programs to the India market," said Brandon Keks, CEO of Pensio Global. "Pensio Global can solve key certainty needs for India's growing residential and commercial real estate development sectors while growing global investment opportunities."

"We have considerable global investment opportunities underwritten by Pensio's core programs and look to grow our focus on the emerging commercial and residential real estate development opportunities in India," offered Chintan Mandalia, Chief Strategist and EVP Risk Management of Pensio Global. "This is a significant opportunity to educate and connect PGI's clients to Pensio Global's core guarantee programs and services that will help bring harmony and simplicity to their lives."

"We love the opportunity for PGI to connect India's business and investment communities to Pensio Global's core guarantee programs and global opportunities which are certainly aligned

with PGI's values of investing with confidence and supporting peace of mind," said Gagandeep Singh, Managing Director and Principal of independently owned PGI. "We look forward to aligning India-based commercial and residential real estate development opportunities and offering strategic global investments supported by Pensio Global's core guarantee programs"

Pensio Global has been operating since 2004, and now has activities in five countries with over US \$2 billion under contract.
